C. Winter Guard – Darrin Morrow asks that the band boosters contribute \$1000 for winter guard travel expenses. Winter Guard has purchased a mat and rifles that will also be used for marching shows. Winter guard has had a candy sale, car wash and will also participate in the Cookie Dough/Pizza sale. Boosters voted to give \$1000 for winter guard travel expenses.

5. Director's Comments –

Some of our students made All District Band. There were 1600 auditions for 270 spots.

Middles School contest is at Central Academy in March. High School contest is at North Lincoln High School on March 27<sup>th</sup>. Going on a more difficult grade 4 than last year. The band is doing well with the sight-reading in class.

January 12<sup>th</sup> is the start date for Eric Howell, a student teacher from Wingate who will be working with both the middle and high school bands until May. May have him conduct some at the May concert.

Mr. Faires asked students who will definitely be back in band next year. Will have 49 horns and 9 percussion. Including the maybes, would have 64 horns and 12 percussion. Need definite numbers by July 1<sup>st</sup> so that the marching drill is written for the correct number of marchers.

Received a bill from the marching shoe guy. \$242 is owed to him for marching shoes that were ordered but not paid for in August. Much discussion about this and it is determined that the band boosters are not responsible for this. Shoes are each individual students responsibility and NOT part of the band fees!

Will begin collecting band fees for the 2007 marching season in installments beginning in March.

6. Liaison's Comments - Liaison not present.
